INTRODUCTION TO KYLEE

Kylee is involved in many different facets of the university. She is a Biology major, a Third Year Resident Assistant having served all three years in upperclassmen residence halls, a member of the Biology Honors Society, Tri Beta, on campus, and a member of the NRHH Chapter and a part of its executive board. Kylee spends countless hours working with her coworkers, residents, classmates, professors, staff, and many, many, more to ensure that not only her experience at WIU is as amazing as possible, but also that everyone who she comes into contact with has as awesome of an experience at WIU that she has.

NRHH PRIDE

Kylee Fall is a second year member of the Western Illinois University Chapter of NRHH and this year she holds the Administrative Chair Position within the chapter. The 2018-2019 academic year marks Kylee's second year as a part of the NRHH chapter and she has flourished as the Administrative chair. She has been instrumental to the chapter's well-being this year as it is her sole responsibility to keep track of attendance, the finances, and help coordinate meetings and discussions as the need arises within the chapter. Her dedication does not stop there, Kylee has also done everything in her power to make all the members of our GA feel welcome and supported with whatever it is they would like to see brought to the chapter including but not limited to: community service and recognition opportunities, professional development opportunities, as well as helping revamp the chapter to prepare for next year and the years beyond.

February 2, 2019

RE: Ms. Kylee Fall

Dear Illinois Residence Hall Association:

In my two years as a part of the Western Illinois University Caroline E. Grote Chapter and its executive board, I have seen some remarkable leaders. Since my meeting Kylee Fall our first year at WIU I have known her to be dedicated to her work both in and out of the classroom. Kylee is involved in many different facets of the university. She is a Biology major, a Third Year Resident Assistant, a member of the Biology Honors Society, Tri Beta, on campus, and a member of the NRHH Chapter.

The 2018-2019 academic year marks Kylee's second year as a part of the NRHH chapter and she has flourished as the Administrative chair. She has been instrumental to the chapter's well-being this year as it her sole responsibility to keep track of attendance, the finances, and help coordinate meetings and discussions as the need arises within the chapter. She has taken to her role as if she had been doing it her whole time at WIU, and I could not have asked for better help this year.

Her dedication does not stop there, Kylee has also done everything in her power to make all the members of our GA feel welcome and supported with whatever it is they would like to see brought to the chapter including but not limited to: community service and recognition opportunities, professional development opportunities, as well as helping revamp the chapter to prepare for next year and the years beyond.

Kylee has shown great dedication to her whole WIU experience and the NRHH Chapter specifically in her time at Western Illinois University and it is my distinct pleasure to recommend her for the NRHH Member of the Year for the Illinois Residence Hall Association Annual 2019 Conference.

Respectfully,

Matthew T Zumwalt

NRHH President- Caroline E. Grote Chapter
